DETAILED ACTION

Claim Objections

1. Claim 4 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claim 1 recites the brittle portion on each end (line 10), but claim 4 recites the brittle portion as being provided at any position. Hence, claim 4 is broader than claim 1 from which it depends regarding the location of the brittle portion.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1, 4, and 7-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

- a. In claim 1, line 10, there is no antecedent basis for "each end portion". B.
- b. Also, in claim 1, line 10, it is not what the end portion(s) are part of (i.e., the claim just recites "a brittle portion on each end portion").
- c. In claim 1, line 11, there is no antecedent basis for "the end portions of the restricting member" (claim 1, line 10 did not specify that the end portion(s) were on the restricting member).

d. Claim 1 still contradicts claim 8. Claim 8 recites the restricting member made of paper, but claim 1, lines 7-9 recite the restricting member as having a plurality of restricting fabrics. There is no embodiment of the invention in which the restricting member has restricting fabrics but the restricting member is made of paper.

Allowable Subject Matter

4. Claims 9-12 are allowed.
5. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
6. Claims 4 and 7-8 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Amamori US006502858B2 is cited to show a vent hole in Figure 24 covered by a restricting member.

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
